

Payment for the parking is determined in accordance with section 11 of the Tamar Auxiliary (Stationery vehicle and Parking) Law, 5768-2008 (hereinafter: 'Bylaw'). The main purpose of this Bylaw is to maintain public order. It goes without saying that running concurrently with this, the Council is also carrying out enforcement actions for the aforementioned parking arrangements.

We believe that regulating parking in the Ein Bokek and Hamei Zohar area will improve the vicinity, establish a certainty regarding places where it is permitted or forbidden to park, and reduce as much as possible the circumstances of parking in prohibited places and in a way that obstructs the flow of traffic. Note that:

1. The hotel complex is operated by fee-paying parking lots, which includes a system of enforcement and supervision in order to maintain order and security.
2. All fee-paying lots areas are marked and have relevant signage.
3. All vehicles (including private cars, commercial buses) parked in the public parking lots and along the sidewalks (marked blue / white areas) are obliged to pay for parking.
4. A vehicle that is parked in a designated hotel and/or hotel parking lot is not obligated to pay.
5. Operating times: Parking is enforced on all days of the week, including Shabbat and holidays between:
Summer time: 08:00 – 19:00 (Fridays: 18:00)
Winter time: 08:00 – 19:00 (Friday: 16:00)
